No.6, Right of Redemption withdrawn on veterinary advice.

The driver of No.2, complained after the race that the driver of No.5 took his line. On reviewing this, the stewards found it hard to view with the camera angles supplied and Mr. Kelleher was cautioned on his driving under Rule M4(c).

Race 3: 8 Runners; No Driver Changes;

Race 4: 4 Runners; No Driver Changes;

The driver of No.1 complained after racing that the driver of No.4 had not kept his handicap position at the start. On reviewing this, the stewards agreed that at the pickup, Mr Boyle was not in his correct position but by the time of the start of the race he had kept his correct trail. No further action taken.

Race 5: 3 Entries; 1 Non Runner, No.2 Everest Up; No Driver Changes;

Race 6: 6 Entries; 1 Non Runner, No.3 Resolute Diamond; No Driver Changes;

The stewards noted tight driving around the paddock turn on the final lap of the race between the three front horses but as the camera angle did not show a clear picture of that part of the race, no further action was taken.

Race 7: 5 Entries; 1 Non Runner, No.2 Aubade A Helene; No Driver Changes;

Race 8: 6 Entries; No Driver Changes;

No. 4 Pulled Up due to a hobble breaking.

On interviewing Mr. Hurley after the race regarding the reason for pulling up, the stewards also inquired for the reasoning as to why his horse in race 6 had its tail tied up. Mr Hurley informed the stewards that he received some advice from the previous trainer and that if he had not tied it up, the horse would kick him out of the cart. The stewards were satisfied with this, no further action taken.
